

Robert Young was for many years Secretary of the NaPTEC and latterly served as Chair of the Council. He is familiar with the development of NaPTEC and with the work of key figures in the development of the organisation. We are grateful to Robert for putting together this brief History of NaPTEC which we hope will serve as a useful introduction to us for those new to the organisation and also be a helpful resume for others.

Richard Eke
Chair 2007/8
